

A Parent's Guide to Canvas

Step 1: Log into Canvas. If you are unsure of your login details you must contact OSG. **Campus Admin does not have your log in details**

<https://canvas.au.oneschoolglobal.com/login/canvas>

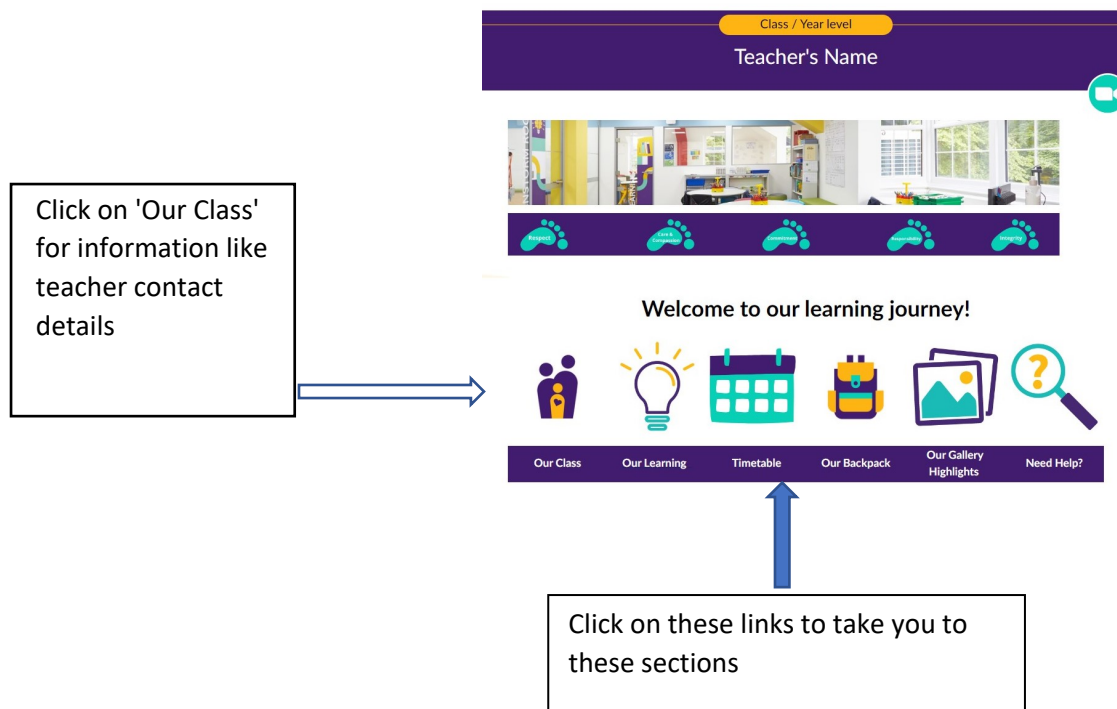

Step 2: You will be taken to your child's Dashboard. The Dashboard shows:

NOTE: Primary will have only one or two courses on their Dashboard

Step 3: Choose the class by double clicking on the course card. This will take you to the Home page. All Primary Home Pages will look like this

The following pages will be set out differently depending on the needs of each campus. Please contact your child's teacher if you have any questions about this course. For example the course content page may or may not look similar to this. However, as a school we have been working hard to use the OSG icons consistently across all subjects
