

# Co-curriculum Notices

## Where to find Co-curriculum information in the College App

### PARENT APP

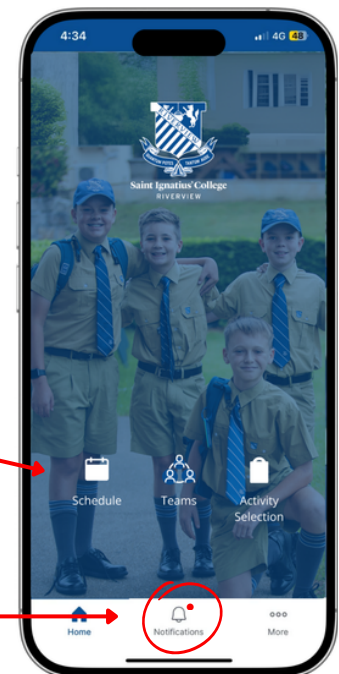

Notices about carnivals, events and general information for parents will appear here.

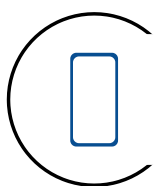

Customised co-curriculum information is accessible **here** for parents, and is identical to the **student version** of the app.

Real-time push notifications about schedule changes will appear here (a red dot signifies an unread notice).

### STUDENT APP

### DON'T HAVE THE COLLEGE APP YET?

Download the  
**App Now**

Parents may login using their chosen authentication platform. Students must use their InsideView logins.

Subscriptions are automatic so your information will be customised (Year group, House, sport selection, etc). Please ensure that you allow push notifications for the App on your phone.
